BUCKEYE's VEGAS - AQHA Grade

2012 Sorrel Gelding

Stands 15.2 hands. Something special here. Sire is a reg. QH and he's out of a grade mare, therefore we have no registration papers. Trained to ride and drive, traffic safe and sound. We've had him about 1½ years. This is always the go to horse if people come to the farm. You can rope off of him and drag anything with him. Our children ride him all over the place. Super friendly horse, loves attention. Don't miss the opportunity to buy an exceptional gelding that has all the buttons. He'll lie down on command and anyone can do it. We had a disabled veteran (an amputee) so we laid Vegas down and the veteran rolled to him with his wheelchair and got on him and rode him. We were very honored to be part of that. UTD on shots and worming.

2

JOE - Draft Horse Cross

2003 Bay Gelding

Percheron/Belgian cross. Stands 17.2 hands, the real definition of "gentle giant." We've owned him the past 5 years and have driven him everywhere – farms with cattle, downtown main streets, horse shows, done it all. Easy to hitch, easy to handle. Just getting into driving when we purchased Joe and he taught us everything. We realized how much fun driving could be. Couldn't have asked for a better horse. Also shown draft shows under saddle, broke to ride as well. An awesome ride. We'll badly miss him. Easy keeper, gets along great in the field with other horses, great for farrier, trailers, clips. No vices. 100% sound.

"Sophie" is 15.1 hands, one of a kind. Broke the best, pretty, will cross any obstacle, go where she is pointed. No known vices. In the years we've been in business, and the hundreds and hundreds of horses we've owned and trained, Sophie is the most well-mannered. Shoes in cross ties, loads, unloads, clips, comes when you want her. Don't let this one get away. She can be shown in w.p. on Saturday and trail ridden on Sunday. N/N.

	Roxy Lynn	Bucky Rock Blue Lynn

An own son of Shining Spark. We bought Topper in the summer of 2015. trained for reining and doing green classes at NRHA shows. I thought he had the quality and movement to be a competitive AQHA ranch riding horse. My daughter started showing him and winning right away. By early 2016, the team was on fire. He was overall hi pt. Ranch riding horse at Va. Classic in ranch riding special event, open and non-pro. At AQHA Level 1 championships, won youth ranch riding, reserve in rookie ranch riding and rookie reining, and 3rd in youth reining. In October one my client's 12-yr.-old daughter lost her horse suddenly so my daughter offered to let her ride Topper at the Congress as she also had a hunter to show. The 12-yr.-old girl rode him a total of 4 times before showing at the Congress, where she placed 5th out of 46 entries. I use Topper every day in my training operation to help me start 2YOs. I use him to rope colts and pony them before we start riding them, and after we are riding them. Mentality and a very calm attitude that makes him a perfect ranch horse. We've decided to sell him because our daughter is going to college in the fall. He did his job landing her a spot in UT Martin's reining team. Completely sound, easy to do anything with. He is 14.3 hands. Light cribber that can be controlled with a collar.

Known affectionately as "Maggie." Beautiful 15 hand mare. Sure footed, even tempered, great on trails. Her disposition is more like a gelding than a mare. Pastures well with other animals, has been pastured with longhorn cattle, a donkey and other horses.. Always ready and willing to be ridden and tackle any task at hand. Give her a whistle and she comes right up to you in the pasture. Her breeding speaks for itself. 100% sound. Loads, clips. She's been the perfect horse for me as I am legally blind and wanted a horse that would be safe and smooth to ride. She's been way more than that for me. We've ridden her all over the mountain trails in Western Virginia. She's been ridden by our family and friends from ages five to eighty-five. She's also carried the flag in openings for our rodeo. You won't find a more honest horse than Maggie. Come, see her at the sale.

Reba is 15 hands. She's been around our farm for a long time and always captivated us with her brains and athletic moves. A dependable mare you can put in the trailer and go ride. The horse you can do a job on and feel safe doing. Sure-footed, will take care of you on the trails. Been on camping trips, ridden in large rides and alone. Really catches eyes with her pretty color. Very "feely" and responsive to neck reining and leg pressure. Very fun reining type spin and a cute sliding stop, a quick sweepy move on a cow, and we've done some roping on her as well. Foaled on the Froelich Ranch in N.D. and comes from a long line of their foundation stock. Trained and presented by Ryan Eash.

STARS STRIPES N SPIKE - AQHA 4492574

2004 Sorrel Gelding

Spike is a handsome 15-hand gelding with two hind socks. Sire has produced some of the greatest performance horses in the show arena today. Dam is a granddaughter of Smart Little Lena, with NCHA earnings of \$69,195. As a 2YO he was started in cutting training, then finished as an all-around horse. Learned very quickly and easily, and went on to prove his many talents. As trail riders ourselves, we rode him all over North Carolina and parts of Virginia – Mt. Rogers, Grayson Highlands, New River and Blowing Rock. Crosses streams, creeks and rivers with ease. Has driven and checked cattle, and used as a turn-back horse. With his actual ranch work he should excel in the sorting pen. For the past 3 yrs. Used extensively as my signature clinician horse for JTO horsemanship. This included ground work on maneuvers and obstacles for in-hand use. He has complete body control both on the ground and in the saddle. He’s been exposed to almost every obstacle imaginable. He’s recently started for arena work for ranch horse competitions. Moves fluidly and with ease through patterns and obstacles. If you’re looking to show or trail ride, or both, Spike is the horse for you. A pleasure to work with, no vices, 100% sound. Come, check him out!

As pretty as they come. Proven show horse with ROMs in open and amateur competition, totalling 30 grands, 11 reserves, combined total of 80½ halter points. Qualified for AQHA World and Select World shows in 2015 and 2016. Buddy was top 10 ama. Justin intermediate of the year in the nation, #1 ama. Justin intermediate of the year for N.C. His sire is the halter industry's million dollar sire, siring not only halter horses but proven performance horses. Buddy was started lightly under saddle as a 2YO. Ridden him on numerous N.C. trails but the majority of his trail experience is in the Virginia Highlands.. Will go anywhere you point him, rides anywhere in the pack. Crosses creeks, rivers and streams with ease. Trail dogs aren't a problem with him. Exposed him to tracking cattle recently and he's displayed a desire for working cattle. Enrolled in AQHA Incentive Fund, earnings in 2015 of \$586.88. His 2016 earnings have not been issued by AQHA as of this date. HYPP N/N. Current on all shots and worming. Easy to bathe, shoe, loads with ease. Would make a great all-around horse with his size and looks, and would be a superior horse for performance halter geldings. Doc is 15 hands and has spent the past 9 yrs. with the same family doing some 4-H events. For the most part he was their trail horse from day riding to week long camp outings. I've had fun getting him ready for this sale. He rides out well by himself or in company, crosses water well, one-hand neck reins, and has a really nice lope. Doc also has a good stop and back-up, side-passes, picks up correct leads. He works gates well, pulls from the horn good, loads good and is hobble broke. Good for farrier. Bathes, very good with clippers except for ears. Doc is a very personable horse, loves attention and you can catch him anywhere without any bribing. Beautiful buckskin. Be sure to check him out.

Brenda is 15.1 hands. A one of a kind mare and a barn favorite. She rides and drives, and can be turned out with horse and never cause an issue. Trail ridden all over and has never missed a beat. Has a slow rocking horse lope and smooth trot. Also used in my lesson program, packs around children from 4 to 12 yrs. old. She's happy to jog around the ring with the small kids or step up for the bigger kids. The children take her through the obstacle course and have a blast. Don't miss out on this fabulous horse. I came to this sale last year with my own horse and enjoyed the experience along with great success, therefore I decided to get a group of horses together for this year's sale.

I've owned Hemi nearly 5 yrs. and he's been my personal mount. Around 14.3 hands. Will do it all. Trail ridden extensively across many states. Used to work cattle, has had a rope swung off of him. Ran barrels, playing around. Quick on his feet, catty when asked to be. I've had kids ride him with no trouble. Neck reins, backs, wonderful handle, works off leg pressure. Rides as good as he looks. A hobby horse lope, will lope in place, and a jog the same way. Easy to show and catch, bathes easily, clips. Sound in every way. Has scar on hind leg, been there for years, never bothered him, just cosmetic. No vices. The boss in the field. Never hurt anyone but is on top of the running order and wants his feed first. Super nice horse, one of those that's hard to come across. I can't say enough good about him. He'll make anyone a wonderful all-around horse.

Sampson stands 15.1 hands. Originally purchased by a horse farm in Galax, Va., as a weanling, where he was originally trained. Trainer's son picked Sampson to be his trail horse of choice through his teenage years. Sampson was ridden throughout the mountains of SW Virginia where no terrain was too challenging. When the son left for college, I purchased Sampson and have trail ridden him the past two years. He's quiet on the trail, doesn't spook. He'll ride in front, back, middle or side by side. Trailers easily. Been in training with John Roberts Performance Horses since the end of October for additional training. I've recently become interested in showing and have less time to trail ride. Sampson is suitable for the individual who wants to mosey down the trail or ride on challenging terrain. If you want a quiet, strong, pleasant gelding that'll keep you safe on the trails and has plenty of eye appeal, buy this gelding.

After his owner became ill, I bought him and have really enjoyed training this athletic, talented colt. Levi posses conformation and qualities that you cannot train for. Soft eye that says "I want to be with you." Trusting, teachable spirit makes him a joy to ride and train. Been on a lot of trails, very confident in entering creeks and covering rough terrain. Takes his leads, side-passes and has a good handle. Catch him any time, anywhere. Loads and trailers great, good for the farrier. A classic champagne 15.2-hand Tennessee walking mare. What a looker! Started her as a 2YO for a friend and told her then that if there was ever an opportunity to buy her I knew just the sale to take her to. She does it all! Rides as smooth as a Cadillac, neck reins, side-passes, works gates, picks you up by the mounting block or whatever you stand on. Crosses water, loads good, stands good to saddle, drops her head for the bridle. Bathes well, lets you clip her ears, bridle path and chin without as much as a rope on her. You can shoot off her back and she's hobble broke. A very nice mare that you need to see for yourself.

He'll take you up and down hills, over logs and creeks with ease. Very good minded. Tons of pedigree. Nice ground covering walk that you can use to work cows. He's naturally cowy. Good handle, big whoa and nice turnaround. Jason Hochstetler has been working with him the past 5 mos. and he is ready to go.

He's been a guest horse and ranch working horse the past several summers. A gentleman and nicely broke to neck rein, moves off legs, trailers easily, refuses nothing. Has taught children and adult to ride. At 15 hands he's easy to get on and off of and stands for it all. Always catches everyone's eye with his beautiful coloring and then his kind demeanor. R&S Paso Fino, Somerset, Penn., presents R&S Rhythm, a 13.3 hand black filly, by Xavier del Azur and out of LaReina de la Fogata, top bloodlines in the Paso Fino world. Born on our farm, Rhythm received imprint training as a newborn foal with professional training from then on. She's been a great trail prospect from day one. Very willing, keeps a focused attitude, always looking to please the handler, and was excellent in her ground work and when transferred under saddle she had a great grasp of yielding to leg pressure as well as staying in frame under light contact. Very natural and even gait, the true nomenclature of the Paso Fino. With her focused attitude, she takes on obstacles with confidence. As a Paso Fino she has the ability to maintain true gait over long distances, adding to her value as a trail horse. With that being said, she also possesses the quality to perform in the show ring which makes her the ideal Paso Fino. With continued guidance, this filly is sure to make someone a special companion.

“Scratch” is 14.3 hands. Bred in Maxwell, Iowa, at Vision Ranch, he comes from a long line of pleasure champions and all-rounders. Siblings have competed successfully in both breed and open shows, from trail to eventing – the ultimate family horses. Scratch is easy going and quiet, rides in arena and on the trail, alone or with company. A jog you can sit for days and an easy lope. Moves easily off your leg for a side-pass or pivot. Clips, loads, bathes and ties. Rides English or western. At just 4YO, you can enjoy him for years to come.

BELLE - Quarter Horse Grade
2005 Gray Mare

Beautiful flea bitten gray that was born and raised on our farm. Stands 15 hands, built correct. Great handle. Has sev. mos of professional training. Soft in the face, responsive to the leg. Walks, jogs, lopez with ease, knows her leads, backs, side-passes, spins, drops her fanny in the dirt when you say whoa. Always strives to please her rider and do what is asked of her. We've use her to move cattle and sheep on the farm, trail ride and compete in local shows. With her handle and willing attitude, the sky is the limit. Whether you ride every day or once a months, she'll always be the same and won't have the dreadful "mare" attitude. Sound and healthy her entire life. If you want a fun to ride, cute, athletic, go anywhere, do anything kind of horse, this awesome mare is the one for you.

PISTOL - Paint Grade
2005 Black & White Gelding

Handsome, 15.2 hands. Laid back attitude which makes him the ideal horse for an ama. horseman. Trail ridden, ridden in parades, experience team penning and roping. Barrel races and has even dabbled in mounted shooting for fun. A willing work ethic. Sweet and enjoys anyone and everyone's attention. Fantastic jog and rocking horse canter. Neck reins and moves off of seat and leg pressure. Very uncomplicated to ride. I've owned him for 10 years and in that time he's been my personal mount and always one of my favorites. His good looks and gentleness are some things you can't pass up.
